

KVIBE VISTA:

<https://my.americorps.gov/mp/listing/viewListing.do?fromSearch=true&id=107509>

The VISTA will help support KVIBE's various activities promoting education in health, culture, and the land. The VISTA will assist with: (1) recruitment and management of a growing pool of volunteers (2) the development and management of a shared volunteer database comprised of quantitative and qualitative data for all KKV Youth Services (3) story-gathering from community members, program participants and program partners.

MAULIOLA KEEHI VISTA:

<https://my.americorps.gov/mp/listing/viewListing.do?fromSearch=true&id=109189>

The VISTA will support Mauiola Ke'ehi various activities in health education, cultural competency, and land-based education for Kalihi's public housing youth. The VISTA will assist with: (1) recruitment and management of a growing pool of volunteers (2) the development of a volunteer database comprised of quantitative and qualitative data to be utilized for current and future grant-funding (3) supporting the program's evaluation efforts with evaluators from the local university (4) improving the program's online presence by updating the website and social media pages. Strong preference for candidates who are familiar with Hawaii's culture, have a college degree, and have taken a Native Hawaiian language college course.

PACIFIC GATEWAY CENTER VISTA:

PGC Network Developer:

<https://my.americorps.gov/mp/listing/viewListing.do?fromSearch=true&id=111614>

Network Developer: The VISTA will assist in creating support networks for small farmers, including resources for capital, training, grants, and other interventions at an inter-agency level. The VISTA will collaborate with PGC's various programming including their Social Enterprise Programming, Culinary Business Incubator, and Incubator Farm Program managers to take a needs and assets assessment of the community participants. In addition, VISTAs will work with other like-minded organizations to evaluate various aspects of food system businesses in high-immigrant areas across Oahu.

PGC Farm Connector:

<https://my.americorps.gov/mp/listing/viewListing.do?fromSearch=true&id=111837>

Farm Connector Support: The VISTA will help PGC's farm program staff build and execute an outreach strategy and collect and disseminate resources to train farmers in environmentally conscious farming practices. The plan will account for factors including ethnicity, priority languages, and community location (zip code). The VISTA will also assist the program coordinator with identifying partners to provide more resources for program participants. The VISTA will circulate program resources through social media, websites, and partner organizations. The VISTA is also expected to assist in the assessments of the training, note best practices, and track metrics such as attendance, retention, behavior changes, etc., and generate reports based on the data collected.
